E-governance plays a major role in the college administration and management. Right from the highest authority at the Commissionerate level to the in-charge of the department at the institution level, it plays a key role in effective planning, execution and monitoring of the policies in place.

1. Administration

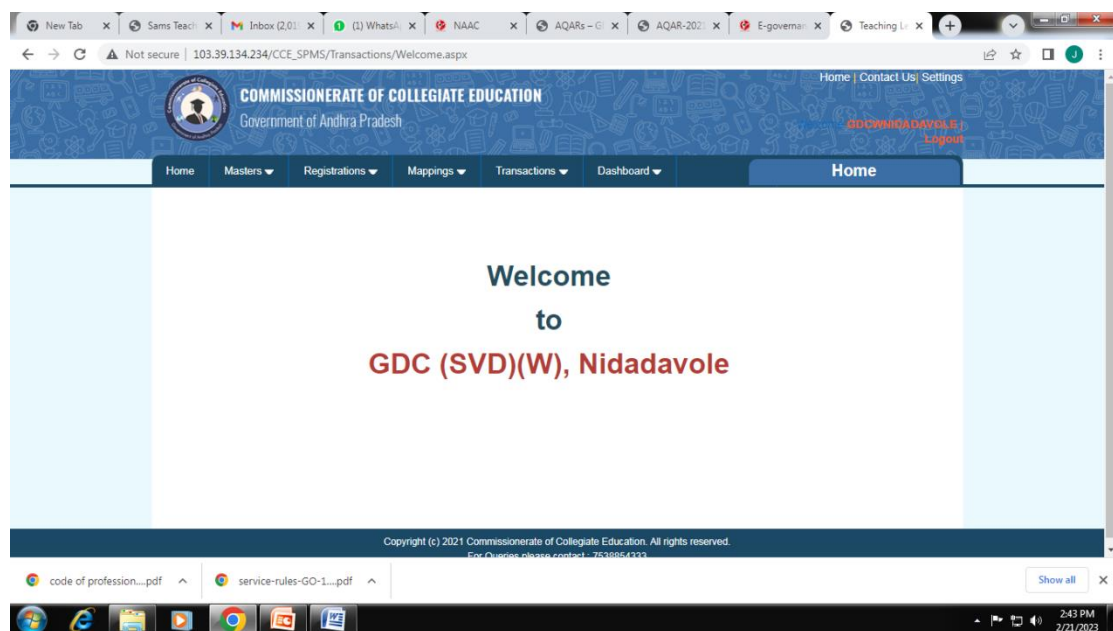

College official mail for correspondence: For all official correspondence, the college uses an official mail id nidadavolew.jkc@gmail.com which is managed by the principal, IQAC, and other authorized personnel.

Online Teaching Learning Monitoring (OTLP) App

OTLP app was introduced by the Commissionerate of College Education, Government of Andhra Pradesh to monitor teaching and learning process. This app is used for managing class work, leaves, holidays, time tables etc. The entire teaching and learning process is captured through this OTLP app. All the teachers and students in the college are registered in the app along with their basic details. Their names, subjects and classes allotted are mapped in the timetable. Every day, teachers upload the details of the classes taken along with geo-tagged photos. Recouping and adjustment of classes is done when teachers are on leave. We can generate day-wise, month-wise and teacher-wise summary of the class work.
